Before we present the RPG, I would like to introduce you to the world of Tarnished. The Gods entered this world to give a new life to a mortal being. However, mortals did not obey the Gods, and the Gods had them cursed and sent them into the Underworld. The Gods became angered at this, and sent a powerful goddess, Vayala, to mold mortal beings. She created the mythical land of Dustia, which was a paradise. Many years later, demons called the Elden invaded Dustia and destroyed all hope. As they were about to kill the daughter of Vayala, she prayed to the Gods, while her two brothers killed all the demons. Now, the land that was once a paradise is a desolate and dangerous place. Vayala gave the ELDEN RING to her two brothers. It is said that you will get through all the difficulties and reach the majestic light of the Elden. But there is something hidden in the ELDEN RING. It is a container of tremendous force. If you take the ELDEN RING with you, you will be guided with the powers of Vayala. Dustia will no longer be a worthless land. Your mission is to save Dustia and the villagers. The key to this lies in a special destiny, known as a Fragment, that has no fixed

form. In addition to a normal farming life, you can become the hero of Dustia. If you want to live happily, you must clear the numerous difficult dungeons and investigate the many secret places. For this purpose, you will need to construct a strength and use the weapon crafted by the Elden. As you progress, your village will grow, and many people will come to live with you. You can be a lonely or friendly person. You can express your own personality through the character you create. However, to become an Elden Lord, you must resolve the issue of a special destiny. A NEW WORLD RISE, TARNISHED & THE EDEN RING. RPG ELDEN RING GAME. • Expandable Map System: The story will begin in a small town called Barrow, which has been captured by the demons.
