SimLab Obj Importer is a very powerful plugin that lets you open. Q I'm curious, Mr. Sperling, about the education piece. You hear this saying, or people say, "We can't raise income tax rates on the rich because we can't raise income tax rates on the rich" -- or say, "we can't increase rates on the rich because we can't raise rates on the rich." And I think it's used a number of times in the debate. To what extent do you think this is a valid argument? And how do you respond to it? 00:21:07 Willard M. Randall And again, thank you for your work on the budget. Robert J. Samuelson And in closing -- and I do want to underscore this -- the basic point is, a rising tide raises all boats, and it's a rising tide that we want to raise. And that's the essential fact in this case. It's a rising tide in power, and that is true not just for government but for us and
