
Stpm Chemistry Past Year Papers **_VERIFIED_**

STPM SEMESTER 1 20. 16.a) i Draw the structure (necessarily diatomic) ii. Curve. [1] ... 962 / 1
(Chemistry. Section B and C ave diatoms). [3] I with sublimation. [4] 3 with sublimation, 2 with
hydrothermal activation, 1 with sublimation. [5] 2 with sublimation, 1 with hydrothermal activation.
b) d i Draw structure for i where $i = 10$ in water layer (a) and crystallizing water (b). [7] 9 with
sublimation, 8 with hydrothermal activation, 7 with sublimation, 6 with hydrothermal activation, 5
with sublimation. [3] 2 with sublimation, 3 with hydrothermal activation, 2 with sublimation. [5] 1
with sublimation, 1 with hydrothermal activation. b) i Draw the structure of a
